## WORK EXPERIENCE

**June 2016 - present**

### Data Warehouse Technical Analyst
BCR, Bucharest, Romania

▪ As a technical analyst, I have to assure the technical specifications and the design solutions that fits the business requirements with impact on the Local Data Warehouse. In addition, I also provide support for the development team, I define the testing plan, and also monitories the functional testing and user acceptance testing.

Business or sector  Bank/Financial Institution and IT Software

**September 2015 – December 2015**

### Chamber of Deputies IT Intern
Parliament of Romania, Bucharest, Romania

▪ As an intern at The Informatics Department of Romanian Parliament, I had to develop a Linux application that would help the user to search through different files (a web search engine) stored on a remote Apache server, and I had to develop an online discussion forum. Beside this, during the internship I had the opportunity to develop my legislative knowledge, to attend to different conferences and to develop my computer skills.
